1. Applicant is given **no new time period** if the non-compliant amendment is an **after-final** amendment or an amendment filed after allowance. If applicant wishes to resubmit the non-compliant after-final amendment with corrections, the **entire corrected amendment** must be resubmitted.
2. Applicant is given **one month**, or thirty (30) days, whichever is longer, from the mail date of this notice to supply the correction, if the non-compliant amendment is one of the following: a preliminary amendment, a non-final amendment (including a submission for a request for continued examination (RCE) under 37 CFR 1.114), a supplemental amendment filed within a suspension period under 37 CFR 1.103(a) or (c), and an amendment filed in response to a Quayle action. Continuation of 2(b) Other: The Abstract filed in the preliminary amendment of 10/21/2005 is not correct. It is not based on the original Abstract. The new Abstract should show additions and deletions based on the original Abstract, not simply be a whole new paragraph..

Continuation of 4(e) Other: At least two of the amended claims of the 10/21/2005 preliminary amendment are not amended correctly. Claim 1: most of the first three lines are an insertion, but not all of the three lines are underlined to show the insertion. Claim 3: "polysilazane solution" in the last line is an insertion, but is not underlined to show this. The applicant should check all the claims of the preliminary amendment carefully to determine if there are other errors in insertion/deletion..
